A WELL-EARNED THANK YOU TO KEITH BRASS

A Well-Earned Thank You to Keith Brass- retiring after almost 3 decades of service to Cape Vincent.

This month's Town and Village update is a little different. Rather than talking about projects, meetings, or upcoming events, we want to take a moment to recognize someone who has quietly helped keep this community running for almost 30 years.

Over those years, Keith has been part of the Highway team, the Water Department, and Recreation services. Today, as our Water and Public Works Supervisor, he has become one of those people whose work is so dependable that we sometimes forget just how much happens behind the scenes to keep our community functioning. Keith is the guy who keeps the water flowing to most of our homes.

Whether it is a private well or municipal water, Keith and his team are the "turn-on and turn-off guys" for our seasonal residents, a service provided to our residents at no cost. When there is a water line break or a service interruption, Keith works cooperatively with the Village DPW to get things repaired and service restored as quickly as possible for both town and Village residents. He is the epitome of a team player.

And then there are all the things Keith does that most people never see.

He has freely given his time and expertise to help make community events happen. From the French Festival and Christmas tree lighting to Oktoberfest and countless other events. He is often the person working quietly in the background, making sure the equipment, logistics, water, power, or whatever else is needed is where it needs to be. Whether it's a yule log that needs lighting or detour signs that need posting, Keith is always there to lend a hand. He doesn't need recognition or fanfare. He just sees what needs to be done and does it.

He is one of the most generous and humble public servants in our community, and he has been an incredible asset to the Town, the Village, and the people of Cape Vincent. And since regular hours and on-call duties weren't enough to keep him busy, over the last three years, Keith has spent his own time creating a walking/ fitness trail behind the Recreation Park. Yet another example of the kind of contribution he has made to this community, not because anyone asked him to, and certainly not for recognition, but because he saw something that would benefit the community and decided to make it happen. Keith has always been one of those people who simply gets things done.

Keith has given his time, knowledge, skills, and a tremendous amount of himself to Cape Vincent. Much of that work has happened quietly and without recognition, but it has made a difference to all of us. So, on behalf of the Town and Village, and, more importantly, the residents of Cape Vincent we want to say thank you. For the countless hours, the early mornings, the late nights, the emergency calls, the event support, the water turn-ons and turn-offs, the repairs, the projects, and all of the things you handled that most of us never even knew needed handling. You are truly one in a million, and you will be missed.

Retirement is a well-earned and very deserved reward for your years of public service. As you head into the next chapter and a new adventure, we hope you enjoy plenty of time fishing, hunting, or just plain old relaxing…and, of course, whatever other work Tami has lined up for you.

Cape Vincent has been very fortunate to have you, we are grateful for everything you have done for our community and wish you nothing but the very best in this next chapter of your life. Good Luck and Best Wishes!!

Mayor Jerry Golden and Supervisor Christine Stark
